EVERSOURCE

Eversource in Your Community

Eversource proudly goes beyond delivering great service to its communities through a number of volunteer programs and major charitable events. Throughout the year, thousands of our employees and family members are making a difference in the communities where we live and work.

You might know us as the title sponsor for the Eversource Hartford Marathon, the Eversource Walk With Me and 5K Run for Easter Seals New Hampshire and the Eversource Walk for Boston Children's Hospital. We are also honored to roll up our sleeves and partner with more than 75 nonprofit organizations across New England, supporting camp clean-ups for children, organizing food donations for the holidays, or sorting clothing and supplies so kids are ready to succeed in school.

Can I Shop for an Electricity Supplier?

Yes, you can compare rates from other suppliers for the electric supply portion of your bill. Customers can find out more about alternate suppliers and compare their rates to Eversource's rates at Energyzect.com. You can also visit Eversource.com to review a list of important questions to ask suppliers.

What are My Options Regarding Solicitations and Calls?

For some customers, the question regarding competitive suppliers is, "Once I've decided if a supplier is right for me, how do I stop the phone calls?" You can register with the FTC's "Do Not Call List" at Donotcall.gov.

Remember, Eversource will never go door to door to discuss your Eversource bill or electric supply options. Our employees always carry identification, and you can also call us at **800-286-2000** to check whether the person at your home is an Eversource employee. If you don't feel comfortable, close the door or hang up the phone.

Eversource Identifying Drought-Stressed Trees

As New England continues to suffer extreme drought conditions, Eversource tree crews are working to identify trees that have been weakened by the severe dry weather and pose a threat to the reliability of the electric system. Eversource's tree trimming programs play an important role in identifying and removing drought-stressed trees that are also more susceptible to insect infestation and diseases. Our certified arborists work closely with the communities where work is being done, and notify customers in advance of any tree work on their property.

If you are concerned about the health of a tree on your property that is not located near a power line, for your safety, please be sure to contact a local certified arborist or tree management company to assist you.

To learn more about how our tree trimming program is helping to keep your lights on all year long, click on 'Outages' at [Eversource.com](https://www.eversource.com).

Eversource Teams Up with Inspirica

Eversource is honored to be presenting sponsor of Inspirica's Holiday Gift Collection, one of the largest programs in the region that delivers 6,000 personalized gifts to 3,000 children in the Stamford, Connecticut, area who are affected by homelessness, HIV/AIDS, and/or poverty.
