

March Into a More Comfortable Home

As spring approaches, take charge of your comfort and savings. Enjoy 75-100 percent off approved insulation upgrades, paired with air sealing at no cost to you. Transform your home and reap the rewards all year long:

- Reduce energy use and pesky drafts. A properly insulated and sealed home not only keeps you more comfortable, but also trims energy bills
- Breathe easier with improved air quality and better humidity control. Seal in comfort and keep indoor air fresh
- Minimize outside noise disruptions, reduce allergens, and deter unwanted pests

Depending on your household income, you may qualify for enhanced incentives.

How Did Your Natural Gas Heating System Perform this Winter?

ENERGY STAR® certified natural gas boilers and furnaces are up to 97 percent efficient, keeping your family warm and comfortable using less energy than other models.

As an added benefit, you can enjoy rebates of:

- Up to \$1,500 per unit for hot water boilers
- \$900 per unit for combined condensing boilers with on-demand domestic hot water (DHW)
- Up to \$700 per unit for hot air furnaces with an Electronically Commuted Motor (ECM)
- \$500 per unit for combined condensing furnaces with an ECM and on-demand DHW

Natural gas equipment rebates must be installed by August 31, 2024 and applications must be submitted by September 30, 2024.
