

NSTAR
Critical Energy Infrastructure Information Policy

I. Process

In the event that the Company plans to revise or add to its posted Critical Energy Infrastructure Information Policy (CEII), for Schedule 21 Transmission Services or Interconnections, the following process for stakeholder review and input shall be followed:

- A redlined document containing proposed change(s) to the Critical Energy Infrastructure Information Policy shall be available for downloading from the “Changes to Critical Energy Infrastructure Information Policy” table.
- The “Changes to Critical Energy Infrastructure Information Policy” table will indicate that the document was posted.
- Interested parties must forward comments no later than 30 days from the date posted.
- The Company will review all comments, develop a final draft and repost on the “Revised Critical Energy Infrastructure Information Policy” table.
- The Revised Critical Energy Infrastructure Information Policy will become effective 30 days after being posted, after which, the Critical Energy Infrastructure Information Policy document shall be updated with the revision.

II. Contact

- Please forward comments by e-mail to: Paul.Krawczyk@nstar.com
- Or, by mail to: Paul Krawczyk
