

November Savings with ENERGY STAR® Certified Products

Opting for ENERGY STAR certified products extends beyond reducing energy usage — it's a commitment to a greener, more sustainable future.

Compared to their non-certified counterparts, these products emit fewer harmful emissions and are proven to use less energy.

You can benefit from savings on various energy-efficient products, including but not limited to:

- Wi-Fi thermostats: up to \$85 off
- Advanced power strips: up to \$40 off
- Air purifiers: up to \$40 off

Cozy Up to Energy Savings This Winter

Increase your comfort at home and decrease your energy usage with these winter tips:

- Switch to ENERGY STAR® certified LEDs, which offer the same brightness as traditional lightbulbs but use up to 90 percent less energy and last up to 25 times longer
- Set your ceiling fan to spin clockwise so that warm air is pushed down and distributed evenly throughout the room
- Sign up for a Home Energy SolutionsSM visit and you may receive on-the-spot energy-saving upgrades, 75-100 percent off insulation and other incentives
