

## Get ready for fall by upgrading your home's heating

When it comes time to replace your natural gas boiler or furnace, speak to a licensed contractor to find a high efficiency option suitable for your home.

Rebates up to \$750 are available for the purchase of eligible ENERGY STAR® certified equipment when upgrading from non-condensing equipment to high efficiency condensing equipment. Pre-verify your non-condensing equipment through a quick virtual or in-person visit.

**Get started at  
[eversource.com/home-savings](https://eversource.com/home-savings) or speak  
with your contractor to learn more.**

## Enjoy lower energy use and reliable hot water with high efficiency equipment.

Keep energy use down and hot water flowing this year with an energy-saving water heater.

When it comes time to replace your natural gas water heater, speak to a licensed contractor to see if an ENERGY STAR® certified tankless water heater is suitable for your home.

An instant discount of \$300 is now available when your contractor purchases eligible high efficiency equipment on your behalf.
