

Recycling is not just for bottles and cans

Are you running an extra, inefficient refrigerator or freezer in your home?

If so, consider recycling it and you can help your wallet—and the planet.

Benefits:

- Energy savings: Save \$125 or more in annual energy costs
- A rebate: Receive a rebate for recycling your inefficient appliance
- No-cost pickup: Your appliance will be picked up and recycled for no cost
- Planet-friendly, responsible recycling: Up to 95% of the appliance's pieces will be recycled

To learn more or schedule your pickup, visit eversource.com/appliance-recycling or call 888-997-8892.

A cleaner, and more comfortable home, through weatherization

Improve your home and save on energy costs with weatherization improvements like additional insulation and air sealing.

Let us help you get started with Home Energy SolutionsSM. During your appointment, an Eversource-authorized contractor will provide a home energy performance assessment, on-the-spot improvements, and energy-saving products, all for a \$50 co-pay. They will provide custom recommendations and discuss available rebates and incentives for those additional energy-saving improvements, like insulation, that better your wallet, comfort, and health.

Weatherization benefits:

- Savings of up to \$200 per year for the average participant from the initial visit alone
- Improved indoor air quality, thanks to fewer outdoor allergens entering the home
- A more comfortable home in the winter, and year-round

To request an appointment and for more details, go to eversource.com/home-energy-solutions or call 877-WISE-USE.
