

Let's save more money and energy, **together.**

October is **Energy Awareness Month** and Eversource is here to connect you to energy efficiency resources and solutions.

EVERSOURCE

Let's save more money and energy, **together.**

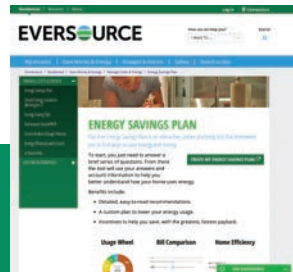

Understand how you use energy at home with our Energy Savings Plan. This free online tool allows you to review past electric or gas bills and see what equipment and appliances in your home use the most energy. Refine your results by answering a few questions about your home and household habits.

Reduce your energy use by taking action. Installing LEDs and weatherizing your home are two examples of changes that can result in lower energy consumption and money savings.

Eversource offers several energy efficiency programs to make taking action simple and affordable.

Connecting you to solutions for saving.

This insert is paid for by Eversource customers.
