

# Changes to your Electric Bill

---

Eversource filed with the Public Utilities Regulatory Authority (PURA), adjustments to two line items in the delivery portion of your electric bill: The Revenue Adjustment Mechanism and the Transmission Charge. These adjustments cover costs associated with building and maintaining a reliable electric system.

If approved, effective Oct. 1, 2021, customers will see an increase to their total bill.

For more information on these rate adjustments or how your bill is calculated go to [Eversource.com/understand-my-bill](https://www.eversource.com/understand-my-bill).

*The Public Utilities Regulatory Authority reviews and approves all adjustments before they go into effect.*

## Are There Programs to Help Me Pay My Bill?

Even if you've never needed them before, there are a variety of payment options and programs available to help with your bill, including flexible payment plans. For more information visit [Eversource.com/billhelp](https://www.eversource.com/billhelp).

# Do You Know What it Cost to Power Your Home?

**\$5**  
A DAY!

EVERSOURCE

The average Eversource customer pays about \$5 per day in electricity costs to power their home.

This includes keeping the lights on, your home at a comfortable temperature, your food fresh, devices charged and more.

To learn more about the costs to power common items in your home visit [eversource.com/power-your-day](https://www.eversource.com/power-your-day).
