

Incentives to Help You Save

Proper insulation and air sealing can improve the comfort and efficiency of your home, all year long. Together, they can:

- Save you up to 20% on heating and cooling costs
- Lower the risk of ice dams on your roof
- Improve humidity control
- Reduce noise, pests and pollen

A no-cost Home Energy Assessment can help you discover opportunities to save energy and be more comfortable in your home. You may qualify for no-cost air sealing, 75-100% off approved insulation upgrades, 0% financing opportunities and other incentives.

Visit eversource.com/home-energy-assessment to get started today.

Enjoy lower energy use and reliable hot water

Keep energy use down and hot water flowing this year with a high-efficiency water heater.

When it comes time to replace your natural gas water heater, speak to a licensed contractor about ENERGY STAR[®] certified water heater options suitable for your home. A rebate of up to \$550 is available when you purchase and install a qualifying ENERGY STAR certified natural gas water heater.

Visit eversource.com/home-savings or speak with your contractor to learn more.
