

Comfort and Savings at No Cost

Eversource offers eligible customers a comprehensive, no-cost home improvement package. This fully managed process helps to enhance your comfort at home and lower your energy use. Based on your income, you may qualify for no-cost upgrades, including:

- Insulation and air sealing
- Air source heat pumps with two years of professional maintenance
- Health and safety barrier removal or electrical panel upgrades, if required
- Project management services so you get the right solutions without any hassle

Visit **eversource.com/home-energy-assessment** to see if you qualify today.

Cape Cod and Martha's Vineyard customers should visit capelightcompact.org.

Save with a Home Energy Assessment

Through a no-cost Home Energy Assessment, you may receive up to 100 percent off approved insulation recommendations and no-cost air sealing—two key parts of weatherizing your home.

Weatherizing helps:

- Minimize drafts and lower heating and cooling costs by up to 20 percent
- Improve air quality and humidity control
- Reduce outside noise and allergens
- Prevent ice dams on your roof

Visit **eversource.com/home-energy-assessment** to get started.
