

## Lower energy use by upgrading your home's heating

When it comes time to replace your natural gas boiler or furnace, speak to a licensed contractor to find a high-efficiency option suitable for your home.

Rebates up to \$2,000 are now available for the purchase of eligible ENERGY STAR® certified equipment when moving from non-condensing to condensing equipment. Pre-verify your non-condensing equipment through a quick virtual or in-person visit.

**Get started at [eversource.com/home-savings](https://eversource.com/home-savings) or speak with your contractor to learn more.**

## Enjoy lower energy use and reliable hot water with high efficiency equipment.

Keep energy use down and hot water flowing this year with an energy-saving water heater.

When it comes time to replace your natural gas water heater, speak to a licensed contractor to see if an ENERGY STAR® certified tankless water heater is suitable for your home.

Rebates up to \$1,500 are now available for the purchase of eligible water heating equipment.
