

Start your new year with 75-100% off approved insulation upgrades

Increase comfort and reduce energy costs with 75-100 percent off approved insulation upgrades and no-cost air sealing. The benefits of a properly insulated and sealed home include:

- Reduced energy use and fewer drafts
- Lowered risk of ice dams and potential roof damage
- Improved air quality and humidity control
- Reduced outside noise, allergens, and pests

Customers who meet specific household income guidelines may be eligible for additional savings.

Stay warm and save energy this winter with ENERGY STAR® certified natural gas heating equipment

As winter's grip strengthens, invite the dual comforts of warmth and savings into your home with an energy-efficient natural gas boiler or furnace.

Opting for ENERGY STAR certified natural gas heating equipment ensures reliable hot water, unlocks energy savings, and offers environmental advantages.

As an added benefit, Eversource customers can enjoy rebates of:

- **Up to \$1,500** per unit for hot water boilers
- **\$900 per unit** for combined condensing boilers with on-demand domestic hot water (DHW)
- **Up to \$700 per unit** for hot air furnaces with an Electronically Commuted Motor (ECM)
- **\$500 per unit** for combined condensing furnaces with an ECM and on-demand DHW

Customers who meet specific household income guidelines may be eligible for additional savings.

Visit eversource.com/water-heaters to start the new year with comfort and savings.
