

Weatherize for Comfort and Savings

Properly weatherizing your home can lower your heating and cooling costs by up to 20 percent, reduce allergens, provide health benefits* and more.

Schedule a no-cost Home Energy Assessment and you may receive recommendations for insulation upgrades at 75-100 percent off and benefit from no-cost air sealing.

A Historic Marshfield Home Transformed

After inheriting her family's 1850s home in Marshfield, Joanne G. turned to Eversource, a Mass Save® Sponsor, for help.

An Energy Specialist conducted a no-cost Home Energy Assessment and worked with Joanne to upgrade her electrical system, insulate the crawlspace, add weather-stripping on doors, and install new double pane windows. The result is a comfortable, energy-efficient home that can endure New England winters while maintaining its historic charm.

*"I found Eversource and their contractors to be subject matter experts who helped guide me to the best solutions. **I'm grateful to Eversource for being a trusted resource for energy efficiency solutions.**"*

-Joanne G., Marshfield Homeowner
