

Elevate your energy goals for the new year

As you embark on your New Year's resolutions, consider adding energy efficiency to the top of your list. Opting for ENERGY STAR® certified products extends beyond reducing energy usage—it is a commitment to a greener, more sustainable future. Compared to their non-certified counterparts, these products emit fewer harmful emissions and are proven to use less energy.

As an Eversource customer, you can benefit from savings on various energy-efficient products, including:

- Wi-Fi enabled smart thermostats: **up to \$100 off**
- Air purifiers: **up to \$40 off**
- Advanced power strips: **up to \$40 off**
- Low-flow showerheads: **up to \$15 off**
- Lawn equipment: **up to \$75 off**
- Dehumidifiers: **up to \$30 off**
- Air conditioners: **up to \$40 off**

Start your new year with 75-100% off approved insulation upgrades

Increase comfort and reduce energy costs with 75-100 percent off approved insulation upgrades and no-cost air sealing. The benefits of a properly insulated and sealed home include:

- Reduced energy use and fewer drafts
- Lower risk of ice dams and potential roof damage
- Improved air quality and humidity control
- Reduced outside noise, allergens, and pests

Customers who meet specific household income guidelines may be eligible for additional savings.

Call 866-527-SAVE or visit eversource-hea.com/start to learn more and sign up today.
