

Your home is your sanctuary.

MAKE IT EVEN BETTER!

Your home is your haven. It's your office. Your gym. The heart of your family. During these challenging times, we would like you to know we are here to help you in any way we can.

Delivering safe and reliable energy is still an Eversource top priority, especially during the COVID-19 public health crisis.

Your home is your sanctuary.

MAKE IT EVEN BETTER!

Now is a good time to consider replacing your current heating system with an efficient, environmentally friendly, gas heating system. And if you switch to gas heat, you'll be eligible for a lower gas rate, so be sure to call us when you install your new gas equipment. Because you already have a gas line coming into your home, we don't need to physically come to your home. All questions and inquiries will be directed to our Energy Advisors who are working remotely and can assist you over the phone.

Call us today at 1-855-OIL2GAS (1-855-645-2427) to learn about available rebates and financing options.
