If you have a question about the Supplier Services section of your bill and your supplier is not Eversource, please contact your supplier directly.

Protection for Residential Customers 65 and Older

If you and everyone living in your home are 65 years old or older and you have overdue bills, Eversource will not shut off your service

without an investigation by the Department of Public Utilities. Please contact Eversource to apply for this protection.

Budget Billing

Arrange for equal monthly payments based upon your annual usage. Visit Eversource.com or call 800-592-2000 for more information.

Payment Plans

Eversource offers a variety of payment plans for residential customers with overdue bills. More information about Payment Plans is available on our website or by calling 800-592-2000.

Important Information for Residential Customers

You are protected by important consumer laws. Your electric or gas service cannot be shut off, or will be restored, if you certify to the company that you are unable to pay any overdue bill because of **financial hardship and you can document the following:**

- Someone living in your home is seriously ill; or
- A child under **12 months old** lives in your home; or
- Between November 15 and March 15 your service provides heat or operates the heating system and your service was not shut off for non-payment before November 15; or
- All adults living in the home are age 65 or older and a minor resides in the home.

Please contact Eversource at 800-592-2000 to receive a financial hardship form, or for more information about the residential protections listed above.

Copies of all rate schedules are available upon request. Service is subject to the company's Terms and Conditions. We reserve the right to convert consumer checks to electronic format and re-present returned ACH debit requests electronically.

We will be carbon neutral by 2030

At Eversource, we are committed to being a leader in sustainability — conducting our business with integrity and in a socially responsible manner while working to protect the environment. One critical way we are demonstrating this is by doing our part to address climate change.

We're building a clean energy future for our customers and communities while we also reduce our own greenhouse gas emissions. As one of the most ambitious goals in the industry, we are striving to achieve carbon neutrality in our operations by 2030.

Check out the advancements we've made toward this important goal and other exciting updates on our sustainability performance in our latest Sustainability Report: [eversource.com/sustainability](https://www.eversource.com/sustainability). We hope you will join us in the pursuit to conserve energy and reduce emissions.
