

EVERSOURCE Electric RATES

2021

Business RATES

Our commercial/industrial rates are for non-residential use. Condominium and cooperative common areas may take service on a commercial rate, if qualified.

23/33 General Annual (G-1)

This general use rate is for non-residential customers with a load that does not exceed 100 kW in each of 12 consecutive billing months. Usage must be annual, meaning that your total electricity use in the four billing months ending between June 1 and September 30 must be less than your total use for the other eight billing months of the calendar year.

24 Large General Time of Use (G-3)

This rate is for customers with a load that is greater than 500 kW for at least 12 consecutive billing months. This rate has peak and off-peak periods.

31 Optional General Seasonal Time of Use (G-7)

This rate is for customers with load less than 100 kW with seasonal use. Seasonal use means that your total electricity use in the four billing months ending between June 1 and September 30 is greater than your total use for the other eight billing months of the calendar year. This rate has peak and off-peak periods.

35 General Seasonal (G-1)

This seasonal use rate is for non-residential customers with a load that does not exceed 100 kW in each of 12 consecutive billing months. Seasonal use means that your total electricity use in the four billing months ending between June 1 and September 30 is greater than your total use for the other eight billing months of the calendar year.

55 Optional General Time of Use (G-7)

This rate is for customers with a load that is less than 100 kW. Usage must be annual, meaning that your total electricity use in the four billing months ending between June 1 and September 30 must be less than your total use for the other eight billing months of the calendar year. This rate has peak and off-peak periods.

84 Medium General Time of Use (G-2)

This rate is for customers with a load that is greater than 100 kW but less than 500 kW for at least 12 consecutive billing months. This rate has peak and off-peak periods.

Eversource offers different rates to best meet your needs. Which rate is best for you depends on a number of factors, including whether you use electricity for heating, meet discount rate guidelines, or use electricity during off-peak hours.

Eversource's rates are approved by the Massachusetts Department of Public Utilities (DPU). For rate information visit Eversource.com.

Please take a moment to review the following rate information and make sure you are on the best rate. The "Total Charges for Electricity" section of your bill indicates your current rate. If you have any questions, please call us at 800-592-2000.

Residential RATES

Our residential rates are for domestic use in single private dwellings, individual apartments or in a residential condominium. Condominium and cooperative common areas may take service on residential rates or any lower commercial rate, if qualified.

32/39/57/58/66/68 Residential (R-1)

This rate is available to all domestic uses in a single private dwelling, in an individual apartment or in a residential condominium in which the principal means of heating the premises is not provided by permanently installed electric space heating equipment.

30/37/38/60 Residential Assistance (R-2)

This rate is available to all domestic uses in a single private dwelling, in an individual apartment or in a residential condominium in which the principal means of heating the premises is not provided by permanently installed electric space heating equipment. To be eligible for this rate, customers need to receive certain means-tested government benefits or fuel assistance. A 36 percent discount will be applied to the total bill amount.

86/61 Residential Space Heating (R-3)

This rate is available to all domestic uses in a single private dwelling, in an individual apartment or in a residential condominium in which the principal means of heating the premises is provided by permanently installed electric space heating equipment.

42/61 Residential Space Heating Assistance (R-4)

This rate is available to all domestic uses in a single private dwelling, in an individual apartment or in a residential condominium in which the principal means of heating the premises is provided by permanently installed electric space heating equipment. To be eligible for this rate, customers need to receive certain means-tested government benefits or fuel assistance. A 36 percent discount will be applied to the total bill amount.
