

An inefficient refrigerator or freezer may cost you up to \$125 per year to run.

Recycle that appliance responsibly at no-cost through Eversource. You'll reduce your energy use and will receive a limited time, increased rebate of \$125 when you recycle a qualifying, still working refrigerator or freezer.

Call to schedule between [August 1, 2023](#), and [October 31, 2023](#), and have your unit picked up before [November 30, 2023](#), to qualify for this increased rebate.

Up to 95% of your appliance will be recycled and turned into new, useful products, like cell phones or even bridges.

Call [888-997-8892](tel:888-997-8892) or visit eversource.com/appliance-recycling to learn more and schedule your pick-up today.

EVERSOURCE

Proud Sponsor of

Save with Even More Incentives

Eversource, a proud Sponsor of Mass Save®, is offering even more incentives designed to assist income qualifying customers in reducing energy consumption and increasing comfort. Benefits may include:

- A no-cost Home Energy Assessment, with up to 100% off recommended insulation upgrades and no-cost air sealing
- Up to \$16,000 off the cost of qualifying air source heat pumps
- Up to \$25,000 off the cost of qualifying ground source heat pumps
- Up to \$7,300 off the cost of qualifying condensing boilers and furnaces
- Up to \$7,000 towards the removal of vermiculite and/or knob and tube wiring

You may qualify if your family of four has a household income of up to \$108,000 or if you are an individual with a household income of up to \$56,000.

Visit [MassSave.applytosave.com](https://masssave.applytosave.com) or call 1-866-527-SAVE to find out if you are eligible for enhanced incentives today.
