EVERSOURCE

Build a better home for your family with our ENERGY STAR[®] Certified New Home Program.

Quality. Comfort. Savings.

These are the benefits of a new, energy-efficient home. Eversource can show you how to build and certify your new home to ENERGY STAR specifications with efficiency recommendations, testing and certification to help ensure it meets program requirements. You can save money and energy, plus you may qualify for incentives up to \$4,000.
