"Law" shall include Environmental Law.

- 1.19 ORDER: The document issued by Owner for specific Work, which shall be a Purchase Order for any procurements by such Owner. Any PO GTCs that may be referenced in the Order shall be excluded from the Agreement to which these General Terms and Conditions are referenced or attached and are hereby deleted. Any additional or conflicting terms and conditions in Contractor's confirmation thereof, or Contractor's documentation, including invoices, are hereby expressly rejected and excluded from the Agreement, are inapplicable to the Agreement, shall not be considered part of the Order(s), and shall be of no force and effect.
- 1.20 OWNER: Eversource or its affiliated company or companies listed in the "Furnish and Ship To" block on the face of the first page of the Purchase Order under which the Agreement is issued, or the Eversource Affiliate that has ordered the Work. No Eversource Affiliate that is not Owner as to any particular Work awarded shall be jointly and severally liable for Owner obligations hereunder with respect to such Work.

2. CONTRACTOR'S BILLING RATES.

Whenever Contractor performs Work on a time and materials basis (including Work performed as a change or addition to the scope of Work described in the Contract) Contractor shall be compensated at the billing rates set forth in the Order. Any adjustments to billing rates that are in compliance with Agreement terms must be provided to Owner for review in the form of a new rate schedule in advance of any invoicing based on such new rates. Owner may reject any invoices which contain billing rates that are inconsistent with Owner's current rate schedule on file.

3. TERMS OF PAYMENT.

- 3.1 Owner shall pay all undisputed charges indicated in properly itemized and supported invoices for Work performed by Contractor and Accepted by Owner in accordance with the terms of the Agreement, within thirty (30) days after receipt of invoice by Owner. If Owner disputes a portion of an invoice, at Owner's request Contractor shall submit a revised invoice for the undisputed amount and Owner shall pay such undisputed portion within thirty (30) days after receipt thereof. Upon Owner's request, Contractor shall provide documentation regarding un-vouchered liabilities including: a) the estimated dollar amount of all Work performed but not invoiced for that month or previous months, and b) any invoice submitted but not yet paid. Documentation must include Owner's Order number and, if applicable, release number.
- 3.2 Contractor must invoice for Work in a timely fashion and within the period specified by Owner. Subject to Owner's invoicing instructions, Contractor shall issue its final invoice to Owner within one hundred eighty (180) days of the completion of the Work being invoiced.
- 3.3 Each invoice shall (a) be certified in writing as correct by Contractor's Representative; (b) be itemized (with reasonable detail) to fully describe each element of cost charged to Owner and any negotiated early payment discounts and (c) if applicable, contain a certification acceptable to Owner to the effect that all Subcontractors have been paid in full for completed Work as reflected in the immediately preceding invoice. For time and material Work, Contractor shall bill in accordance with Owner's billing instructions.
- 3.4 Owner may withhold payment of all or part of any invoice to such extent as may be necessary to protect itself from loss caused by: (a) defective Work not remedied; (b) claims filed or reasonable evidence indicating probable filing of claims by other parties against Contractor and/or Owner in connection with the Work; (c) failure of Contractor to make payments properly to Subcontractors for material, labor or equipment; (d) reasonable indication that the unpaid balance is insufficient to cover the cost to complete the Work; (e) reasonable indication that the Work will not be completed within the Agreement schedule; (f) unsatisfactory performance of the Work by Contractor; (g) failure of Contractor to perform any of its obligations under the Contract; or (h) failure of Contractor to pay any amounts due Owner. Owner shall notify Contractor of the grounds for any withholding, and when the above grounds are removed, or Contractor provides performance assurance satisfactory to Owner that will protect Owner for the amount withheld, payment will be made of the amounts withheld. When deemed reasonable by Owner, Owner may use such funds to rectify the situation causing the withholding of funds.
- 3.5 To the extent permitted by Law, Owner shall have the right to set-off against any sums due Contractor under the Agreement, any claims Owner may have against Contractor under the Agreement or under any other contract between Owner and Contractor, or that Owner may otherwise have against Contractor without prejudice to the rights of the parties with respect to such claims. In the case of Work incorrectly performed or incomplete, an equitable deduction from the Agreement price may be made.
 - a. Except for Work performed at a fixed price, Contractor shall make available to Owner during the Work and for a period of three (3) years following Final Acceptance of all Work, all source documents necessary to verify the elements of all billable charges, including: each worker's name, charge classification, and hours worked; computer usage summaries; and original documentation of all reimbursable expenses (e.g. receipts for travel, business expense and employee expense). Upon five (5) Business Days prior notice by Owner, this information shall be available for audit by Owner during normal business hours, at Contractor's principal office

or at any other location agreed to by the parties.

- b. **THIS SECTION IS APPLICABLE ONLY TO WORK INCLUDING CONSTRUCTION RENOVATION OR REHABILITATION OF REAL PROPERTY IN CONNECTICUT:** In addition to the requirements set forth in Section 3.3, each invoice that includes Agreement changes shall include a statement showing the status of all pending change orders and approved changes to the original Agreement (such statement shall identify the pending change orders and shall include the date such change orders were initiated, the costs associated with their performance and a description of any Work completed). For time and material Work, Contractor shall bill in accordance with Owner's billing instructions. Contractor shall pay any amounts due any Subcontractor for such Work furnished, in compliance with applicable Laws, including C.G.S. Section 42- 158j.

4. TAXES.

- 4.1 Taxes on Owner's Purchases from Contractor. Contractor's price(s) and any Billing Rates that apply under the Agreement exclude any and all present and future Federal, state, county, municipal or other jurisdiction's sales, use, excise or other taxes that may apply to the Work and Owner's purchase of the Work and any applicable present and future Federal, state, county, municipal or other jurisdiction's sales, use, excise or other taxes shall be included in invoices and separately identified and itemized. Owner shall provide any applicable tax exemption certificates to Contractor upon Contractor's request.
- 4.2 Taxes on Contractor's Purchases. If Owner informs Contractor that Owner has a tax exemption certificate or a direct pay permit that applies to a specified portion of the Work, Contractor shall notify its Subcontractors and suppliers that their Services performed for, materials supplied for Contractor's use in, and/or Equipment supplied for installation as part of the specified "tax exempt portion" or "direct pay portion" of the Work are either exempt from sales and use taxes or Owner pays such taxes directly. Consequently, these Subcontractors and suppliers should not collect such taxes from Contractor and Contractor's prices and Billing Rates to Owner should reflect such tax exemption or Owner's direct payment on Contractor's purchases from Subcontractors and suppliers for the tax exempt or direct pay portion of the Work. Subcontractors and suppliers providing Services, materials and/or Equipment for any portions of the Work that are neither tax exempt nor direct pay shall apply any normally applicable sales or use taxes to such "normal tax" portions of the Work and Contractor's prices and Billing Rates will be deemed to include any and all applicable taxes on such normal tax portions of the Work. If Owner does not inform Contractor that it has a tax exemption certificate or a direct pay permit that applies to a portion of the Work, Contractor should presume that its purchases from Subcontractors and suppliers associated with the Work are subject to any applicable sales and/or use taxes on such purchases and Contractor will be deemed to have included any and all applicable taxes on its purchases from Subcontractors and suppliers in the prices and Billing Rates stated in the Agreement provided that any Billing Rates using markup percentages will not apply to taxes paid for such purchases.
- 4.3 Income, Property and Payroll Taxes. Notwithstanding any provision of the Agreement, Owner shall not be required to pay or reimburse Contractor for any taxes levied against Contractor's income, property or payroll.
- 4.4 Non-Resident Tax Bonds. If required by applicable Law, Contractor and all Subcontractors shall provide to Owner a certificate of compliance with the non-resident contractor bonding provisions applicable to the Work. Contractor shall furnish such certificate to Owner in the case of (i) Contractor, no later than the earlier to occur of thirty (30) days after the effective date of the Agreement, or the date of commencement of the Work, and (ii) each Subcontractor, within the earlier to occur of thirty (30) days after Contractor's retention thereof, or the date of commencement of the Work under such subcontract. Absent such certificates, Owner shall be entitled to withhold amounts otherwise due to Contractor hereunder in accordance with applicable Law.

5. CHANGES AND ADDITIONS.

- 5.1 Either party may request changes or additions to the Work by submitting a written request to the other. Changes requested by Contractor shall not, however, be implemented until approved in writing by

Owner. All changes shall be made in accordance with approved Owner procedures included in the Agreement documents or otherwise provided to Contractor.

- 5.2 Owner shall have the right to require Contractor to delete from, change or add to the Work, in each case to the extent that any such deletions, changes, additions or other alterations are of the character described in the scope of Work, and to the extent such deletions, changes or additions are within the general expertise of Contractor Resources performing the Work. If such deletions, changes or additions are scheduled to be completed by or within six (6) months following the then-scheduled completion date for the Work as specified in the Agreement, such Work shall be performed at Contractor's time and material rates in effect for the Agreement, unless the parties agree in writing to another method of compensation.
- 5.3 If a deletion, change or addition will increase or decrease the cost or time required to complete the Work, the party requesting the change or addition will set forth in its request the appropriate adjustment to compensation or completion deadlines. Written acceptance by the party receiving the request for change or addition shall be a binding resolution between parties of the issues set forth in the request.
- 5.4 At no time shall the Work be delayed by Contractor due to a dispute between the parties concerning the cost or time required to accomplish a deletion, change or addition requested by either party.
- 5.5 Contractor shall not commence or undertake any portion of any Work for which it contends that any extra compensation or schedule adjustment is or will be owed or due or payable, without prior written authorization from Owner, and such authorization shall be required for payment of any extra compensation to, or adjustment of any schedule requirement for the benefit of, Contractor. In all instances, Contractor shall orally notify Owner's Representative of any circumstances that could result in a change in the scope of the Work (or a claim therefor) as soon as possible after the occurrence of the event or incident, and in writing within twenty-four (24) hours after such occurrence. Thereafter, Contractor shall submit to Owner appropriate detailed supporting documentation, justifying the basis for the claim, within ten (10) Business Days after the date of the event or incident giving rise to such claim. Without relieving Contractor of its obligations hereunder, any claims by Contractor for increased compensation or extension of completion deadlines shall be irrevocably waived and released unless Contractor provides such immediate oral notice and twenty-four (24) hour written notice and thereafter submits such detailed supporting documentation for the claim to Owner within such ten (10) Business Day period.
- 5.6 **THIS SECTION IS APPLICABLE ONLY TO WORK INCLUDING CONSTRUCTION, RENOVATION OR REHABILITATION OF REAL PROPERTY IN MASSACHUSETTS WITH AN ORIGINAL MINIMUM CONTRACT VALUE OF \$3 MILLION:** Owner shall approve or provide written objection to all or any portion of each change order request made by Contractor within thirty (30) days after receipt by Owner of the complete change order request; provided that, an objection by Owner in whole or in part to any change order request shall be effective if given before the date that payment is due. Owner's rejection of a Contractor's change order request shall be in writing and include an explanation of the factual and contractual basis for such rejection, and shall be certified as made in good faith.
- 6. INFORMATION.**
- 6.1 If Contractor is required to provide Information, complete and accurate Information shall be submitted in sufficient time for review and approval by Owner prior to starting Work affected by such documents. All equipment and material shall conform to the details shown on Information approved by Owner.
- 6.2 Once Information has been approved by Owner, Contractor shall not make any changes in Information without the prior written approval of Owner.
- 6.3 It is the obligation of Contractor to review and evaluate the Specifications, and to promptly provide written notice to Owner of any errors, omissions or discrepancies that Contractor discovers. Contractor shall immediately notify Owner and request additional instruction in writing whenever Owner-provided Information is found to be unclear, incorrect or conflicting. Contractor shall not undertake any Work based upon such Information until such discrepancy has been resolved by Owner. Contractor shall not proceed with uncertainty, and any cost incurred that could reasonably have been avoided through timely correction of the Specifications shall be the responsibility of

Contractor.

- 6.4 Preliminary, certified for manufacture, certified for construction and as-built drawings shall be submitted to Owner for approval in the form requested by Owner. Any drawing shall be produced in accordance with any Specifications and acceptable industry practices and shall be legible such that Owner is able to clearly distinguish all characters and lines.
- 6.5 For Work that includes Information that is not prepared exclusively and solely for Owner, Contractor shall retain title to any such Information (excluding any portion thereof that contains Owner's Confidential Information) that is subject to Contractor's patents, copyrights, trademarks, service marks, intellectual property rights or proprietary interests provided that Owner shall have unrestricted and non-exclusive rights and license to use such Information. For Work that includes Information that is prepared exclusively and solely for Owner, all such Information is the proprietary Information of Owner and shall be subject to the requirements applicable to Owner's Confidential Information as set forth in Article 34 "CONFIDENTIAL INFORMATION" herein, whether or not each such document is so identified.
- 6.6 Contractor shall be responsible for the completeness and accuracy of the Information it provides and shall correct, at its expense, all errors or omissions therein. Without limitation of any and all other rights and remedies available to Owner, the reasonable cost necessary to correct matters attributable to such errors shall be chargeable to Contractor.
- 6.7 Contractor shall provide Owner with all Information necessary for Owner's use and understanding of the Work and the installation, operation, maintenance and repair thereof, and to allow Owner to satisfy any legal process, or any filing or disclosure requirement required under Law or regulation or requirement of a governmental body. Except for Information deemed to be proprietary to Contractor under the terms of the Agreement, and except as set forth in this Article 6, all Information supplied or delivered to Owner pursuant to the Agreement shall be the property of Owner. Contractor may retain for its records only, copies of any Information furnished to Owner, and unless otherwise agreed to by the parties, shall treat such Information in accordance with the requirements applicable to Owner's Confidential Information.
- 6.8 Contractor shall keep such full and detailed accounts for proper financial management under this Agreement as Owner may reasonably request. Contractor shall also promptly provide other information, copies of such reports, and other information reasonably requested at no cost to Owner.
- 6.9 The interpretation of the Specifications shall rest with Owner's Representative, whose decision in any matter shall be final and binding, subject to the dispute resolution provisions of this Agreement. The Specifications are intended to state in general what is required for the Work, and the omission of minor details shall not operate to relieve Contractor from the obligation to provide all things necessary for the completion in proper working order of the entire Work outlined therein in accordance with the best construction or industry practices.

7. ELECTRONIC DELIVERY OF INFORMATION.

Owner and/or Contractor may agree to exchange business data or information electronically using a point-to-point connection or a value-added network either directly or through a third party E-Business provider (collectively, "E-Business"). The parties recognize and agree that the electronic transmission of information, including attachments, and access to E-Business systems by Owner employees, cannot be guaranteed to be secure from third party interception, error free or free from viruses or other damaging computer code, and that such information could be intercepted, corrupted, infected, lost, destroyed or incomplete, or otherwise be adversely affected during transmission or harmful to the recipient's computer system. Owner and Contractor have each taken steps within their organization to reduce the foregoing risk, consistent with the industry practices; however, there can be no assurance that outgoing E-Business is free of the foregoing faults or that engaging in E-Business will not create any harm to electronic systems. If Contractor agrees to transmit information or documents relating to this Agreement using E-Business, Contractor shall be deemed to have accepted and be bound by the terms of this Agreement.

8. DELAYS.

- 8.1 Schedule Commitment/Notice of Delay. Time is of the essence with respect to the performance of the Work. Each party shall give the other prompt written notice of any circumstances that may delay performance of the Work including any Force Majeure (as defined in Section 9.1). Contractor shall notify Owner's Representative of any such circumstance orally as soon as possible after such circumstance occurs and in writing within twenty-four (24) hours after the occurrence of such circumstance. Contractor shall record the cause of any resulting delay and the time lost in its reports and in its time sheets and shall submit such reports and time sheets to Owner's Representative.
- 8.2 Delays in Performance for Reasons Other Than Force Majeure.
- 8.2.1 Owner may at any time request Contractor to delay performance, fabrication or delivery of all or any portion of any Work to be provided under the Agreement. Contractor shall use its best efforts to accommodate such delay. However, if Contractor is unable to accommodate all or a portion of Owner's request, it shall notify Owner in sufficient time for Owner to take alternative measures, including directing Contractor to place the affected Work or portion thereof, including any equipment, materials or supplies, in storage at a site authorized by Owner.
- 8.2.2 Risk of loss and liability for Equipment, materials, and/or supplies placed in storage shall remain with Contractor until transferred to Owner in accordance with Article 26 "DELIVERY, TITLE AND RISK OF LOSS TO EQUIPMENT AND MATERIALS".
- 8.2.3 If Work or any portion thereof is ready for performance or shipment, but performance or shipment is delayed beyond the scheduled performance or shipment date by Owner, the parties will adjust the payment schedule accordingly and for any Direct Actual Costs resulting from such delays, use good faith efforts to negotiate a change order to address such costs.
- 8.2.4 Contractor shall complete the Work in accordance with the Work schedule. If the Work falls behind schedule due to acts or omissions of Contractor or any Contractor Resources, Contractor shall, at its sole cost and expense, use its best efforts to restore the Work to schedule, including placing Contractor Resources on extended working hours, assigning additional resources to the Work, and establishing expedited, priority treatment for the acquisition, fabrication and delivery of the equipment, materials and supplies necessary to complete the Work within the time set forth in the Agreement.
- 8.3 Off Site Delays. If Work at an off Site facility is delayed by either party, the other party shall be entitled to compensation for its documented direct, actual costs for each such period of delay.
- 8.4 Limitation of Liability for Delay Damages at Site. The parties agree to limit liability for damages incurred by delays at a Site as follows:
- 8.4.1 At any point after Owner orders Contractor to start the Work, Contractor's delay shall be deemed to commence when the Work location or Work site becomes available for Contractor's performance of Work but Contractor, in whole or in part, does not perform the Work, and such delay shall be deemed to cease when Contractor resumes Work performance in accordance with the Agreement terms. For delays caused by Contractor, Owner shall be compensated for its actual costs to accommodate or mitigate the impact of each Contractor delay.
- 8.4.2 At any point after Owner orders Contractor to start the Work, Owner's delay shall be deemed to commence when Contractor Resources are able to be present at the Work location and able to perform the Work but are prevented by Owner from performing such Work and such delay shall be deemed to cease when Owner no longer prevents such performance. In the event of a delay requested by Owner, or a delay caused solely by Owner's negligence, to the extent Contractor has incurred labor costs caused by such delay, Contractor shall be compensated pursuant to Section 8.4.3.
- 8.4.3 The duration of delay shall be computed in increments of one (1) hour. Compensation for each party's direct labor costs shall be made only to the extent that a party actually incurs direct labor costs, if any. The delayed party shall use commercially reasonable efforts to minimize the costs it incurs for each delay by rescheduling its activities, redeploying its work force, or by other appropriate action. The parties shall consult at least weekly concerning delays, Contractor shall

provide Owner with documentation relating to such delay as requested by Owner, and Owner shall maintain a log of each party's delay. Compensation for delay shall be made at the completion and Acceptance of the Work by determining the total number of hours of delay for each party, and subtracting the lesser number of hours from the greater to establish the party with a delay balance. Contractor shall be compensated for the lesser of (i) its delay balance or (ii) the number of working hours (not to exceed eight (8) hours per day) the Work is delayed beyond the scheduled completion date due to the request of Owner, or the sole negligence of Owner.

8.4.4 Contractor shall not be compensated for delay time unless it provides written notice of such delay to Owner within the period specified in this Article.

9. FORCE MAJEURE.

9.1 Neither party shall be liable to the other for loss or damage resulting from any delay or failure of a party to perform its contractual obligations due to Force Majeure.

9.2 Force Majeure shall extend the time for Contractor's performance only to the extent such condition directly affects completion of Work. Contractor shall use its best efforts to reschedule its Work to mitigate the effect of such condition and to eliminate such condition as soon as possible. If the Work falls behind schedule due to a Force Majeure, Owner may direct Contractor to accelerate the Work by whatever means Owner may deem necessary, including subcontracting Work or working additional hours or shifts, and Owner shall pay Contractor for the agreed Direct Actual Costs incurred by Contractor in connection with any such directed acceleration.

9.3 Neither this Article nor any other provision of the Agreement shall excuse the non-performance or delayed performance of Contractor due to any failure of Contractor to prepare for the Work or commercial impracticability experienced by Contractor, including market changes, increased costs or insufficient money. The party whose performance is affected shall give prompt notice thereof; such notice may be given orally or in writing but, if given orally, it shall be promptly confirmed in writing, providing details regarding the nature, extent and expected duration of the Force Majeure, its anticipated effect on the ability of such party to perform obligations under this Agreement, and the estimated duration of any interruption in Work or other adverse effects resulting from such Force Majeure, and shall be updated or supplemented to keep the other party advised of the effect and remedial measures being undertaken to overcome the Force Majeure. If Contractor's performance is impaired by Force Majeure for a period of thirty (30) days or more, Owner shall have the right to terminate the Agreement upon written notice and without further liability.

10. INSPECTION.

10.1 Contractor shall advise Owner in writing of each location where Work is being performed or where materials or Equipment are being manufactured, stored, or prepared for use under the Agreement, in each case, reasonably in advance of conducting such Work or storing such items to allow Owner to witness or inspect the same. Contractor shall, on behalf of itself and its Subcontractors, provide unrestricted access to such locations for inspection of Work.

10.2 Contractor shall provide Owner timely notice of the date of all tests relating to the Work, and provide test results promptly to Owner. Owner shall have the right to inspect the status of all Work at the facilities of Contractor and its Subcontractors, as well as at the Site. Such inspections shall be conducted upon reasonable advance notice to, and during the working hours of Contractor Resources. Such general inspection rights are in addition to, and not in limitation of, any and all inspection and testing rights of Owner set forth in the Agreement. Owner's approval of Work shall in no way reduce or modify Contractor's obligations to meet performance and other requirements of the Agreement. By such approval, Owner in no way assumes any part of Contractor's responsibility for the satisfactory performance of Work.

10.3 Inspection of Equipment or materials during manufacture will be performed by Owner solely in an effort to detect discrepancies and defects as early as possible. No Acceptance of Equipment or materials shall be construed to result from such inspections by Owner.

10.4 If any Work should be enclosed without Owner's inspection, Contractor shall, at Owner's request,

uncover the Work, allow an inspection and properly restore the Work all at Contractor's expense. Owner's Representative may order reexamination of any Work.

11. REQUIREMENTS FOR ACCEPTANCE.

Acceptance of Work shall be conditioned upon Contractor submitting to Owner's Representative the following:

- 11.1 written notice that the Work is complete and ready for final inspection;
- 11.2 properly executed, unconditional waivers or releases of liens from Contractor and all Subcontractors, conditioned upon payment, who provide labor, materials, equipment or supplies for the Work;
- 11.3 evidence of satisfactory completion of all acceptance testing required under the terms of the Agreement;
- 11.4 all Information required under the Agreement; and
- 11.5 an accounting for all tools, materials, and equipment provided by Owner.

12. PARTIAL COMPLETION AND ACCEPTANCE.

If at any time prior to Acceptance as referred to in Article 11 "REQUIREMENTS FOR ACCEPTANCE", any portion of the Work has been completed and if Owner determines that such portion of the Work is of value, Owner will, if applicable, issue to Contractor a certificate of partial completion. Upon the issuance of such certificate, or at any time thereafter, Owner may take over and use the portion of the Work described in such certificate and may exclude Contractor therefrom. The issuance of a certificate of partial completion will not release Contractor or its sureties from any obligations under the Agreement unless such prior use delays the Work or increases its cost. In this event, Contractor will be entitled to extra compensation or extension of time, or both, as Owner may determine.

13. SUSPENSION OF WORK.

Owner may at any time suspend the Work or any part thereof upon oral notice to Contractor. Such oral notice shall be confirmed in writing by Owner. The Work shall be resumed by Contractor promptly after written notice from Owner to Contractor to do so. Owner will make payment for all Work completed and accepted by Owner as of the suspension date, in accordance with the agreed payment rates and milestones.

14. TERMINATION FOR CAUSE.

- 14.1 Without prejudice to any other right or remedy Owner may have under the Agreement, at Law and/or in equity, and upon providing written notice of such termination to Contractor, Owner may terminate the Agreement without any liability being owed thereby by Owner to Contractor, in the event of the occurrence of any of the following:

- 14.1.1 insolvency of Contractor;
- 14.1.2 filing of a voluntary petition in bankruptcy by Contractor;
- 14.1.3 filing of an involuntary petition in bankruptcy against Contractor;

- 14.2 If Contractor fails to diligently perform the Work in accordance with the Agreement or if Contractor otherwise breaches any of the terms of the Agreement, in addition to Owner rights set forth in Section 14.1 above and Section 25.7 regarding safety or environmental violations, Owner shall have the right without any liability being owed thereby by Owner to Contractor, upon giving Contractor written notice of default and allowing Contractor a period of five (5) Business Days, or such other period as may be agreed upon by the parties or as may be determined by Owner to be necessitated by exigent circumstances, to remedy such deficiency. In the event such default is not completely remedied, Owner

may cancel the Agreement in whole or in part upon giving written notice to Contractor; and complete the Work itself or to have the Work completed by another entity, with any additional cost associated therewith being the liability of Contractor.

- 14.3 Upon receipt of any notice of termination as described in Section 14.1 or Section 14.2 above, Contractor shall immediately cease Work, commence demobilization of any affected Contractor Resources, and, if requested by Owner, promptly remove from the Site all materials and equipment which have not been either fully or partially paid for by Owner. Contractor shall promptly settle the liabilities and claims arising out of the termination of subcontracts and orders.
- 14.4 Contractor shall maintain a written, detailed inventory of all Equipment in storage at the Site(s), in route to the Site(s), in storage or manufactured away from the Site(s), and on order from its suppliers and Subcontractors and provide Owner with such inventory upon request. Upon Owner's written request and to the extent that title has not transferred earlier pursuant to Article 26 "DELIVERY, TITLE AND RISK OF LOSS TO EQUIPMENT AND MATERIALS," Contractor shall promptly transfer title and deliver to Owner completed or partially completed Work and/or contract rights of Contractor relating to the Work, and Contractor shall execute and deliver such documents and take all such actions as Owner may require for the purpose of vesting in Owner such ownership, rights and benefits of Contractor with respect to the Work.
- 14.5 In the event any termination under this Article 14 is subsequently determined, pursuant to the dispute resolution process set forth in Article 39 "DISPUTE RESOLUTION; NEGOTIATION; MEDIATION; ARBITRATION", to have been made without cause, such termination shall be deemed a Termination for Convenience under Article 15 hereof.

15. TERMINATION FOR CONVENIENCE.

- 15.1 Owner shall have the right to terminate and/or cancel the Agreement or all or any portion of the Work for any reason, or for Owner's convenience, and at its sole and exclusive discretion, upon at least one (1) day's prior written notice to Contractor specifying when such termination becomes effective. Upon such effective date, Contractor shall immediately cease Work, commence demobilization of any affected Contractor Resources, and, if requested by Owner, promptly remove from the Site all materials and Equipment which have not been either fully or partially paid for by Owner. Contractor shall promptly settle the liabilities and claims arising out of the termination of subcontracts and orders and shall use its best efforts to minimize any associated costs. After termination, Contractor shall cooperate with Owner to the fullest extent for the purpose of allowing Owner or its designee to fully perform all functions previously performed by Contractor under the Agreement.
- 15.2 Upon Owner request, Contractor shall provide a written, detailed inventory of all Equipment in storage at the Site(s), in route to the Site(s), in storage or manufactured away from the Site(s), and on order from suppliers and Subcontractors. - 15.3 In the event of a termination under this Article 15, except as otherwise expressly agreed to in writing by the parties, Owner shall pay for the Work completed in compliance with the Agreement through the effective date of termination.

16. OWNER'S REPRESENTATIVE STATUS.

Owner's Representative will perform inspection of the Work and has the authority to stop the Work whenever such stoppage may be necessary to insure the proper execution of the Agreement. He/she also has authority to reject any and all Work that does not conform to the Agreement and to decide questions that arise in the execution of the Work. 17. CONTRACTOR'S SUPERVISORY DUTIES.

Owner shall have the right to request that Contractor remove and replace (at no cost to Owner) any person determined by Owner in its discretion to be unqualified or unfit to perform the Work, in which case Contractor shall do so (including reassignment to work other than for Owner and/or Owner Affiliates to the extent allowable under Contractor's labor agreement(s) and Law). Owner's requests and/or reviews concerning any Contractor Resources shall not be construed in any manner as creating any employment, contractual or other relationship between Owner and such person, or otherwise granting Owner control over such person and/or the performance of the related Work.
- 17.6 Contractor shall, subject to Owner approval, designate certain Contractor Resources as key personnel with respect to the Work. Contractor shall not remove, replace, or reassign such designated key personnel without the prior written consent of Owner, which shall not be unreasonably withheld.

- 21.5 Contractor shall use only the established roads for the performance of the Work, and any such temporary roads approved by Owner and necessary for the Work. Such identification shall include a copy of the product's Material Safety Data Sheet (MSDS), the specific use and location of use, and the expected quantity that will be required to perform the Work. Owner's consideration of Contractor's request shall involve the products' health and safety hazards, environmental and fire hazards, potential for degrading Owner's systems or components, potential for creating Hazardous Materials, and availability of suitable alternatives. A substitute product may only be used following the receipt of express written permission by Owner's Representative. Contractor is solely responsible for any costs or expenses incurred by Owner as a result of Contractor's use of a product that has not been specifically authorized.
