The documents published below describe the standards for the exchange of electronic business transactions (EBT) between energy marketers (Suppliers) and natural gas local distribution companies (LDCs) in Massachusetts.

</p>

<p>

These EBT standards were developed on a consensus basis by members of the Gas EBT Working Group in response to directives of the Massachusetts Department of Telecommunications and Energy (DTE) regarding the formation of a comprehensive state-wide retail-choice program available to all customers.
