**Providing Solutions for Customers in Need**
What is the EAP?
The Electric Assistance Program (EAP) gives eligible customers a discount for the first 750 kWh on their monthly electric bills.*

The discount ranges from 8% to 76% depending on your gross household income, household size and electricity usage.

Customers of the following utilities may apply for the discount:
- Eversource Energy
- Liberty Utilities
- New Hampshire Electric Cooperative
- Unitil

*Benefits and participation are subject to availability of funds.

We know that electric customers sometimes need help paying their electric bill. The EAP discount helps make electric bills more affordable. Being able to pay the electric bill every month avoids the risk of service cutoff for nonpayment.

The electric utilities are working with the five Community Action Agencies (CAAs) in the state to identify and enroll eligible customers.

How Do I Apply?
Call your local CAA office. They will tell you what to bring to your appointment.
Keep your appointment and bring all paperwork the CAA asks for.
If you cannot get to the office you can arrange for a phone interview or a home visit.

How is the Program Funded?
Customers of the participating utilities support the EAP through part of the System Benefits Charge on their electric bill.

Need More Info?
For more information on the Electric Assistance Program or other energy assistance programs, please contact your local CAA listed on the back of this brochure.

Am I Eligible?
You are eligible if:

1. You are a renter or homeowner who receives an electric bill from any of the utility companies previously listed.

AND

2. You have a gross monthly or annual household income that qualifies you at the time you apply.
