

The Connecticut Residential Electric Vehicle (EV) Charging Program (“Program”) is offered to Eversource residential electric service customers (“Customer”) who purchase and install a Level 2 smart EV charger (“Smart Charger”) and/or wiring upgrade between January 1, 2022 and December 31, 2022, and submit a qualifying application no later than January 31, 2023. Additionally, the Program requires the Customer to enroll in ConnectedSolutions Managed Charging (“ConnectedSolutions”), in order to receive any of the rebates for the smart charger, wiring upgrade, or vehicle connection. ConnectedSolutions allows Customer to earn incentives throughout the year for avoiding charging during specific times. Please read Terms & Conditions section to learn more about ConnectedSolutions.

APPLICATION SUBMISSION CHECKLIST:

When you are preparing to apply for the Program, please be sure to review the checklist below to ensure you’ve completed all the necessary requirements and have collected all the paperwork.

- To be eligible for a Smart Charger rebate, you must purchase a model from the Qualified Product List. For a complete list of qualifying EV chargers, check our website on or about January 20, 2022. We recommend waiting for this list so you can be sure your charger will qualify for the rebate.
- Truthfully and accurately complete the 2022 CT EV Charging Rebate - Residential Application
- Please be sure your invoice(s) includes all the information listed below. Invoice must break out cost for charger and wiring separately. If charger was purchased separately from installation contractor invoice, the invoice for the charger must be provided.
 - o EV charger cost
 - o Electrical wiring & labor cost for installation
 - o Charger model number
 - o Date of purchase
 - o Address where charging equipment was installed
 - o Submit photo of installed charger’s unit/MAC ID
- Mail or email the application with required documents on page 3 to EversourceEVApplications@clearresult.com or Eversource CT EV Charging c/o of CLEAResult, 16350 Felton Rd, Lansing, MI 48906
- If the Total Incentive/Rebates for your application exceeds \$600, you must include a completed W-9 form for the designated payee

CUSTOMER INFORMATION:

AVAILABLE REBATES AND INCENTIVES:

Select the scenario below that best applies to your situation

		Smart Charger Rebate ¹	Wiring Upgrade ¹	Vehicle Connection (Telematics) Rebate ¹	ConnectedSolutions Incentives ²	Total Incentive/ Rebates
<input type="checkbox"/>	Garage/parking space was not previously setup with 240 volt (v) outlet and had no existing smart charger	\$500	\$500	NA	\$200/year	\$1,200
<input type="checkbox"/>	Garage/parking space is setup with 240 volt (v) outlet but no smart charger	\$500	NA	NA	\$200/year	\$700
<input type="checkbox"/>	If you activate a qualified vehicle model with telematics and you need to upgrade your wiring	NA	\$500	\$100	\$200/year	\$900
<input type="checkbox"/>	If you activate a qualified vehicle model with telematics	NA	NA	\$100	\$200/year	\$300

¹These incentives are provided upfront after the application is approved.

²ConnectedSolutions incentives are ongoing and determined based on your participation from June through September each year. ConnectedSolutions allows EV drivers to earn incentives for avoiding charging during specific times when the electric grid is in high demand. Please refer to the terms and conditions for more details.

Customer Installing Contractor

By signing this form below, I certify that all of the information and documents I have provided with this CT EV Charging Rebate Application are accurate and true and the CT EV Charging for which I am requesting a rebate meet(s) the requirements of this application, and is/are for use in the Connecticut residential address stated on this form. I have read and understand the CT EV CHARGING REBATE TERMS AND CONDITIONS which are attached in the following pages.

(ONLY REQUIRED IF CONTRACTOR IS PAYEE)

By signing below, and subject to concurrence by the contractor, I AUTHORIZE EVERSOURCE TO ASSIGN PAYMENT OF THE UPFRONT REBATES (SMART CHARGER, WIRING UPGRADE, VEHICLE CONNECTION) listed on the CT EV Charging Rebate Application and subject to the Terms and Conditions listed as part of this rebate, to the contractor listed on the contractor's EV charger invoice. Incentive for ConnectedSolutions will be distributed only to the Customer's and not to a contractor.

Terms and Conditions

These Terms & Conditions govern The Connecticut Light & Power Company doing business as Eversource Energy ("Eversource") Connecticut Residential Electric Vehicle (EV) Charging Program ("Program"). By submitting the signed application, Customer acknowledges that Customer has read, understands, and agrees to these Eversource Terms & Conditions. This Program is offered to Eversource residential Customers who purchase and install a qualifying Level 2 smart EV charger ("Smart Charger") and/or wiring upgrade between January 1, 2022 and December 31, 2022. This Application with required documentation must be submitted online or via US mail postmarked by January 31, 2023. Funding for this Program is limited to the period indicated or while funds last.

APPLICATION: This Application must be filled out completely, truthfully and accurately. The Customers must submit the signed and completed application with the required documentation requirements listed below.

W-9 (Rebates in excess of \$600):

- If your total rebate amount is greater than \$600, you must attach a completed W-9 and rebates will be reported to the IRS unless proof of tax-exempt status is provided

PAYMENT: Payment for complete and accurate applications are typically issued within 10-20 business days. Payments are sent via US Postal Service, which requires several more days for delivery. Please contact the Program with questions about your rebates by emailing EversourceEVSupport@clearResult.com or calling (888) 978-1440.

APPROVAL AND VERIFICATION: Eversource reserves the right to verify smart charger equipment installation and network connectivity before or after issuing a rebate. If Participant is a tenant, Participant represents that by agreeing to these terms and conditions, they have obtained the property owner's permission to install the equipment. Customer agrees to provide reasonable access to Customer's residence to inspect and verify installation and connectivity for up to one year after the date of the Application. Eversource reserves the right to verify sales transactions. Eversource does not make any warranties or representations of any kind, whether statutory, expressed, or implied for the performance or installation of the equipment as a result of the approval and verification process. Rebate amounts will be calculated based on the net installed cost of the smart charger, after deducting any other applicable rebates, grants, or other incentives the site host may receive. Customer also grants Eversource the right to confidentially share Eversource account number information internally for rebate processing procedures.

TAX LIABILITY: Eversource will not be responsible for any tax liability that may be imposed on the Customer as a result of the Customer receiving rebates from Eversource.

ENDORSEMENT: Eversource does not endorse any particular manufacturer, contractor, vendor, product, retailer or system design in promoting this Program.

LIMITATION OF LIABILITY: Eversource liability is limited to paying the rebates specified. Eversource is not liable for any damages arising out of or resulting from participation in this rebate offer, including but not limited to loss of profits, loss of revenues, failure to realize expected savings, loss of data, loss of business opportunity, or similar losses of any kind, as well as any indirect, incidental, punitive, special, or consequential damages, or for any damages in tort connected with or resulting from participation in this Program. Applicant understands that all funding for rebates and incentives under this Program derives from Eversource ratepayers in part by approval from the Public Utilities Regulatory Authority (PURA). Eversource does not guarantee the availability of funding for the program and is not responsible for any costs or damages incurred by applicant if funding for this program is reduced or eliminated by the State of Connecticut or the PURA action. Funding is subject to change at any time without notice.

APPLICANT'S CERTIFICATION: Applicant certifies that he/she has purchased the system listed on this Application and the charger was installed by a licensed contractor at the defined location. Applicant agrees that all information is true and that he/she has conformed to all Program and equipment requirements listed.

WARRANTIES: EVERSOURCE DOES NOT WARRANT THE PERFORMANCE OF INSTALLED EQUIPMENT, EXPRESSLY OR IMPLICITLY. Eversource makes no warranties or representations of any kind, whether statutory, expressed, or implied, including without limitations, warranties of merchantability or fitness for a particular purpose regarding the equipment or services provided by a manufacturer, contractor or vendor. Eversource shall not be responsible for costs or corrections of conditions already existing in the property which fail to comply with applicable laws and regulations. Contact your retailer, manufacturer, vendor or contractor for details regarding equipment performance and warranties. Eligibility Requirements for Rebates (smart charger, wiring upgrade, vehicle connection)

General Requirements

To be eligible to participate in the Program, Applicants must:

- Be a residential Eversource Customer with an active electric account.
- Residential Customer is defined as an existing Eversource Connecticut Customer living in a single-family home or a multifamily home with four or fewer units on the property.
- Own or lease a plug-in hybrid electric vehicle or a battery electric vehicle.
- All enrolled Customers are required to remain enrolled in ConnectedSolutions Managed Charging ("ConnectedSolutions") for a period of not less than twenty-four months from the date the application has been approved.
- Customers cannot receive both an EV Charger rebate and Vehicle Connection (telematics) rebate. You can however combine a Wiring Upgrade with an EV Charger or Vehicle Connection (telematics) rebate.

Smart Charger Requirements

- Eversource will pay the rebate listed on the current application or the total purchase price, whichever is less, to a Customer who meets the Eligibility Requirements and completes the enrollment process.
- Limit of one smart charger rebate per Customer's electric account
- The smart charger must be listed on the EV Charger Qualified Products List ("QPL") and be installed at the service address listed on this application. The current QPL is available on the program website: For a complete list of qualifying EV chargers, check our website on or after January 20, 2021. We recommend waiting for this list so you can be sure your charger will qualify for the rebate.
- Eversource must be able to confirm the smart charger is connected to the manufacturer-supported communication network and that Eversource can receive data.

Wiring Upgrade Requirements

- Eversource will pay the rebate listed on the current application or the total amount paid for qualifying expenses, whichever is less, to a Customer who meets the Eligibility Requirements and completes the enrollment process for ConnectedSolutions.
- Limit of one wiring upgrade rebate per Customer's electric account
- Qualifying expenses for the wiring upgrade rebate are the labor, materials, and applicable permitting costs to install a 208 Volt or 240 Volt electrical circuit of 30 Amps or more to a location suitable for electric vehicle charging
- Electrical work must be completed by a licensed qualified professional, in full compliance with laws and regulations

Vehicle Connection Requirements:

- A vehicle equipped with telematics is eligible for this rebate. Telematics activates a network connection directly to your vehicle. Not all EV Original Equipment Manufacturers (OEM) offer telematics. Check with your OEM to see if your vehicle is equipped with telematics.
- Enrollment in ConnectedSolutions is required to receive this Vehicle Connection rebate.
- A Customer will receive activation instructions that are specific to your chosen vehicle in the confirmation email that you receive when you submit your Program application. The email will specify if your vehicle telematics is eligible for this rebate.

REQUIRED DOCUMENTATION:

Smart Charger Rebate:

- Receipt or invoice marked as paid showing the charger manufacturer, model name/number, and purchase price
- A photo of the charger installed at the service address
- A photo of installed charger's unit/MAC ID number

Wiring Upgrade Rebate:

- An invoice marked as paid showing the installation address, the contractor's name, license number and address, the date the work was completed, the cost of labor and materials (separate from the EV charger cost if it is included on the invoice)
- A photo of the location served by the new electrical circuit (if you are also submitting a smart charger application, the photo of the installed charger meets this requirement)

Vehicle Connection Rebate:

- Scan or photo of your Connecticut vehicle registration

Eligibility Requirements for ConnectedSolutions:

In order to be eligible to receive an ongoing incentive from Eversource, the customer agrees to enroll in ConnectedSolutions, a program that allows Eversource to reduce or stop EV charging during the summer seasonal period of June 1 through September 30 ("Season"). Eversource will issue a \$50 per month participation incentive for participation in each of the four months per year of the Season, for a total of up to \$200 per year. If eligible, the Customer can expect to receive the participation incentive sent within 4–6 weeks of the completion of the Season on September 30, ConnectedSolutions is a complementary offering that establishes a communication link between the EV charger and the electric grid operations center. This allows the utility operations center to request a reduction in power from the EV charger under times of high energy supply cost or electric grid stress ("Events") during the Season. By agreeing to be enrolled in ConnectedSolutions, unless Customer opts out of participation in an Event, Customer authorizes Eversource to automatically adjust or stop the qualifying EV charger's charging speeds and charging times during Events. Events are typically 2-3 hours in duration. During the Event, the power delivered by any device that has not been opted out will be reduced or suspended.

- At the end of the event, power delivery should resume at its normal level. In some cases, devices fail to return to their normal operating mode at the end of an Event. We therefore recommend that Customers check the status of their device after receiving the end of Event notification.
- Eversource will notify (by text or email) Customer prior to an Event. In an emergency, Eversource may deploy an Event without notice if deemed necessary.
- To receive a participation incentive, the Customer must opt out of no more than two Events per month during the Event Season. When a customer is notified of an upcoming event, the customer will have the option of opting out through instruction given in the notification.
- Rebates will be issued to the Customer listed on the Rebate application unless otherwise directed by the Customer. Customer will be asked if they would like to receive rebates in the form of a check or a pre-paid card. Pre-paid cards are subject to the additional terms and conditions of the card issuer.

ConnectedSolutions Participation Timeline and Withdrawal:

- Customer's may unenroll from ConnectedSolutions without penalty after participating in ConnectedSolutions for a minimum of 24 months from the date of initial enrollment. After the initial 24 months, enrollment will continue automatically until the Customer unenrolls by emailing EversourceEVSsupport@clearesult.com • If Customer unenrolls prior to completing the 24 months of participation or that opt out of more than two Events per month during the Event Season, will be required to pay back a prorated portion of the Smart Charger Rebate, Wiring Upgrade Rebate, or Telematics Participation Rebate. Exceptions may be granted at Eversource's sole discretion.
- If the Customer moves to a different residence within Eversource service territory, the Customer may continue to participate in ConnectedSolutions if the new residence meets the eligibility requirements in these Terms and Conditions. The Customer must communicate any change of address to the Program. A Customer who moves outside of Eversource territory shall be an approved reason for ending participation before completing 24 months.
- Rebates available under ConnectedSolutions may be changed, modified, substituted, replaced, ceased, or terminated at any time at Eversource's and the State of Connecticut's discretion with or without notice to Customer. Customer's continued participation in ConnectedSolutions constitutes Customer's acceptance of any and all such changes, replacements, assignments or terminations.

ConnectedSolutions Information Sharing:

Customer agrees and authorizes that:

- Eversource may send Customer emails, text/SMS, and other notifications related to ConnectedSolutions, including notifications about enrollment status and ConnectedSolutions-related adjustments to the connected vehicle or EV Charger's settings. The Customer is able to select their preferred method of communication on their ConnectedSolutions account management portal.
- Eversource may send Customer emails related to the fulfillment of seasonal incentives.
- The Original Equipment Manufacturer ("OEM") will share certain information with Eversource regarding Customer needed for Customer's enrollment and participation in ConnectedSolutions. This may include personally identifiable information ("PII"), Customer's EV charging energy usage information, including but not limited to charging patterns (start date and time, duration of charging), managed charging opt-out and communication network connectivity (collectively "Customer's Information"). Customer's releases OEM from any and all claims against it, its employees, officers and directors, arising out of or in connection with this sharing of Customer's Information.
- Eversource may use Customer's Information in order (a) to operate, administer, market, evaluate, analyze, change or improve the ConnectedSolutions Program, (b) to prepare and present general, aggregated or anonymized results and information about the ConnectedSolutions to third parties, including governmental entities such as the electricity system regulatory bodies and (c) for Eversource to understand and evaluate Customer's habits and to inform the development and creation of utility programs and load planning. Eversource may also use and publish information regarding your participation in the ConnectedSolutions and your use of the EV Charger so long as the information is presented in an anonymized, aggregated format (i.e., in a manner that does not identify you). Eversource will not share or utilize Customer's PII for purposes other than administering the Program.
