

EVERSOURCE

Non-Residential Renewable Energy Solutions Bidder's Certification of Carbon Neutrality by 2040

For informational purposes only, Eversource requires that this Certification of Carbon Neutrality be submitted for projects using Fuel Cell or Anaerobic Digestion technologies, as well as any other Class I renewable energy source that emits carbon.

Bidder must certify that the project is technologically capable of becoming carbon neutral by 2040 and will take all measures to become carbon neutral by 2040 should a statewide 100 percent zero carbon electricity goal be established. See Executive Order No. 3 dated November 3, 2019 signed by Governor Ned Lamont. See also, S.B. 10, Session Year 2020.

Bidder hereby certifies the following:

1. This project is technologically capable of becoming carbon neutral by 2040; and
2. All measures will be taken to become carbon neutral by 2040 should a statewide 100 percent zero carbon electricity goal be established
