

**Bidder's Affidavit that Project Uses Connecticut
Manufactured, Researched or Developed Generation Technologies**

(To be provided, if applicable)

For a project owner to receive a Bid preference for projects Manufactured, Researched or Developed in Connecticut, Bidder must submit both this affidavit and at least one affidavit from the Technology Supplier that supplies the Connecticut Manufactured, Researched or Developed Generation Technologies along with its response to the RFP.

Bidder hereby certifies that the technology described below will be used in the Bidder's proposed Project, and that the generation technology or generation technologies so described was, or will be, Manufactured, Researched or Developed in Connecticut and will constitute no less than fifty percent (50%) of the total value of the generation technology to be used by its Project to produce electricity.

<input type="checkbox"/>		Manufactured
<input type="checkbox"/>		Researched
<input type="checkbox"/>		Developed

Identify the generation technology to be used that was Manufactured, Researched or Developed in Connecticut (use additional sheets if necessary).

"Manufactured" is defined as the activity of converting or conditioning tangible personal property by changing the form, composition, quality or character of the property for ultimate sale at retail or use in the manufacturing of a product to be ultimately sold at retail. Changing the quality of property includes any substantial overhaul of the property that results in a significantly greater service life than such property would have had in the absence of such overhaul or with significantly greater functionality within the original service life of the property, beyond merely restoring the original functionality for the balance of the original service life.

"Researched or Developed" is defined as the activity of applying technical expertise, knowledge or understanding to investigate, discover and produce new, more beneficial or useful materials, devices, systems, methods, processes or designs, or to improve benefits of the existing materials, devices, systems, methods, processes or designs, provided however that such activity was performed on behalf of manufacturers of renewable energy technology, and where such research or development leads to the manufacture of the specific component(s) for which the claim for preferential bid treatment is made.

Provide the name and address of the Connecticut company or companies where the Manufacturing, Research or Development was or will be conducted:

Name	Address	Components

Submitted by Bidder: _____
(Exact legal name of Individual or Business submitting Bid)

Signature of an Officer ~~or Owner~~: _____

Print or Type name of Officer: _____
(duly authorized)

Title: _____

Date Signed: _____

**Technology Supplier's Affidavit that it Supplies Connecticut
Manufactured, Researched or Developed Generation Technologies**

(To be provided, if applicable)

For a project owner to receive a Bid preference for projects Manufactured, Researched or Developed in Connecticut, Bidder must submit both this affidavit and the Bidder's Affidavit that Project Uses Connecticut Manufactured, Researched, or Developed Generation Technologies to the EDC along with its response to the RFP.

The undersigned, on behalf of the Technology Supplier listed below, hereby certifies that at least 50% of the value of the generation technology described below was or will be Manufactured, Researched or Developed at our facilities in Connecticut.

<input type="checkbox"/>		Manufactured
<input type="checkbox"/>		Researched
<input type="checkbox"/>		Developed

Identify the generation technology that was, or will be, Manufactured, Researched or Developed in Connecticut (use additional sheets if necessary).
