

SHARED CLEAN ENERGY FACILITY PROGRAM

EVERSOURCE

An AVANGRID Company

Non-Feasible Solar Self-Attestation Form

Purpose

Residential customers, other than low to moderate-income customers, who reside in their own property but are unable to install on-site solar panels may be eligible to participate in the Shared Clean Energy Facilities (“SCEF”) Program. To verify eligibility for the SCEF program you must attest to the fact that your home has been evaluated by a licensed solar installer and deemed unsuitable for solar. This form must be signed the Electric Account Holder and submitted in addition to a Subscriber Enrollment Form when applying to the SCEF program.

Section 1. Customer Information

Electric Account Holder Full Name: _____
